

CDL SOLAR ENERGY

RESIDENTIAL COMMERCIAL INDUSTRIAL

Solar energy is an emerging energy resource for homes and businesses in the 4-states. Installing solar energy is dependent upon qualified electricians and plumbers and CDL has you covered with professionals in each of those areas.

Why Solar? Going green can save money with your energy costs. You'll also add value to your house while you help our environment.

What products? Solar can help power your home or business and can be used in agriculture and business including; parking lot and street lights, water pumps and billboards.

Why Invest now? Solar technology has progressed in recent years to drive down costs. Plus, federal reimbursements will total 30% of your cost!

CDL began in the electric business in 1964 and over the years has expanded with twelve additional divisions to meet the needs of home owners and businesses in the 4-state region. With offices in Southeast Kansas and Southwest Missouri and crews throughout the country, one call gets CDL professionals to create solutions for you.
